Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Friday 19 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mainly dry and cloudy, but windy. Mild.

Today:
A cloudy and breezy morning, with outbreaks of drizzle over western hills. Turning brighter through the afternoon as winds start to ease. Any drizzle should also ease by the evening, but still a little windy on the Pennines. Mild. Maximum temperature 14 deg C (57 deg F).

Tonight:
A mild night, but staying windy on the hills. Generally cloudy and dry with any clearer spells likely to be limited to eastern areas. Minimum temperature 9 deg C (48 deg F).

Saturday:
Mainly dry but breezy start, especially on hills. Cloud and outbreaks of rain then spreading south through the day, lying across much of the region by the evening. Maximum temperature 11 deg C (52 deg F).

Outlook for Sunday to Tuesday:
Cold Sunday, with scattered heavy showers and brisk winds on coasts. Remaining cold and cloudy Monday with coastal showers. Dry and cloudy Tuesday, with temperatures returning close to normal.
